-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --

Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

Election/Restrictions

1. Applicant's election without traverse of Group IV, claims 106-116 in the reply filed on March 17, 2005 is acknowledged.

Response to Amendment

The rejection of claims 1, 3, 13, 18, 22, 34, 39, 43, 46, 55, 60, 67, 79, 80, 82, 83, 90, 94, 117, 120, 122, 128, 129, 137, 148, 153, 157, and 160 under 35 U.S.C. 112, second paragraph is moot in view of applicants' amendments.

The rejection of claims 1-160 under 35 U.S.C. 101 as claiming the same invention as that of claims 1-156 of copending Application No. 10/691,447 is moot in view of applicants amendments.

Claim Rejections - 35 USC § 103

2. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

3. Claims 106, 109, and 110 are rejected under 35 U.S.C. 103(a) as being unpatentable over Evans 6,861,131 B2.

Evans teaches a method for forming a composite core comprising providing a plurality of tows, guiding the tows through a bath, using an oven and curing as required by claim 106. See Example 3. Evans is silent as to the specific type of oven, however, it would have been obvious to one of ordinary skill in the art to use any type of oven

known in this art with the reasonable expectation of curing the fiber tows. As to claims 109 and 110, Evans' teaching of a bath would have rendered obvious a wet-out system and wet-out tank.

Therefore, the teachings of Evans would have rendered obvious the invention as claimed in present claims 106, 109 and 110.

4. Claims 114-116 are allowed.

5. Claims 107-108 and 111-113 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Conclusion

6. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
